Re: WSFZ(AM), Jackson, Mississippi
Facility Identification Number: 62049
Sportsrad, Inc.
Special Temporary Authorization

Dear Counsel:

This is in reference to the request filed May 1, 2007, on behalf of Sportsrad, Inc. ("SRI"). SRI seeks further extension of the special temporary authority ("STA") originally granted to former licensee Spur Jackson, LP, on December 17, 2001, to operate Station WSFZ (formerly WSLD) in diplexed mode from the site of Station WOAD, with power of 5000 watts daytime and 500 watts nighttime, employing the existing WOAD nondirectional antenna. In support of the request, SRI states that its Application BP-20051003BPJ was granted on January 31, 2006. SRI provides a report of its progress toward construction of the newly authorized facilities.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that SRI has made substantial progress toward restoring licensed operation, and extension of STA is warranted to allow time for construction of the newly authorized facilities.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WSFZ may continue to operate from the site of Station WOAD, with power of 5000 watts daytime and 500 watts nighttime, employing the existing WOAD nondirectional antenna. It will be necessary to

further reduce power or cease operation if complaints of interference are received. SRI must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **April 22, 2008**.

Sincerely,
